

## A WORD FROM THE DIRECTOR

---

As a licensed Funeral Director, I am often asked a wide range of questions. Many of them are from people who are not aware that they do not need to use a funeral home for a simple cremation arrangement.

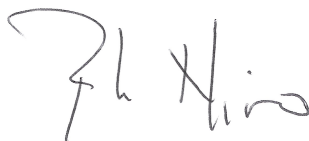

For some, costs at funeral homes can seem excessive, especially when considering the elaborate facilities, supplemental services and additional merchandise they offer.

People seeking a viable alternative have found the answer can be quite simple. By eliminating the visitation process, many have found it lessens the pressure for the families involved and lowers the cost for the funeral provided by a considerable amount.

In most cases, a cremation is done with a memorial afterwards. It can be as simple as a gathering at one's home, or include a grave-side service, or a memorial celebration at a local church. Some smaller families choose to utilize the Just Cremation chapel.

At Just Cremation, there is no pressure to upgrade to an expensive service or casket. We offer simple, affordable cremation and burial options. Our belief is that remembrance takes thought, not undue expense.

If you would like to discuss options available to you and your family, I invite you to call me.
